## **Accurate Background Named to Nation's Top Business List for 2009**

*Ranked on both the Top 100 Diversity Owned Businesses in California and the Top 500 Hispanic American Owned Business List for 2009*

**LAKE FOREST, Calif., February 25, 2009** - In recognition of the economic power of privately held businesses, DiversityBusiness.com, the nation's leading business-to-business internet site, recently named [Accurate Background, Inc.](#) as one of the top businesses in the United States.

This is the 9th annual listing of the nation's top businesses by DiversityBusiness.com. Ranging in revenue size from \$20 million to over \$2 billion, the companies listed on the Top Business Lists represent the nation's top multicultural earners and challenge the long-held notion that a privately held business is small or insignificant. Winners are sought after by major corporations wishing to increase spending with small businesses.

"Entrepreneurs are a growing force in the U.S. economy, and a force to be reckoned with," said Kenton Clarke, CEO of Computer Consulting Associates International, the company that built DiversityBusiness.com. "This is a whole business segment that can carry its own, that provides jobs, products and services, and generates wealth for their communities. These are the new leaders in American business."

"In today's challenging economy, we have continued to grow through innovative leadership, dedicated employees, and exceptional customer support," says Dave Dickerson, president of Accurate Background. "This recognition reinforces our commitment to [superior products and services](#) and the development of industry-leading technology."
